#### „Spreewald“

The 'Spreewald' - a unique natural and cultural landscape - was declared as a biosphere reserve in 1990 and achieved UNESCO status in 1991.

This meadowy countryside (48.400 ha) is traversed by a net of streams (1.575 km of waterways), fields, grassland and wood. In total, 260 km of those streams are accessible and quite worth a tour by punt or boat. On a punt the net of streams can be experienced nowadays as it was a hundred years past.

The punts are mainly round trips and lead you to places like Lehde, Leipe, the restaurant 'Wotschofska' as well as into the heart of the 'Spreewald', the High Forest

## Day tour experiencing the high forest...

...enjoying pure, untouched nature like Theodor Fontane (famous writer) used to.

The tour starts at the boat landing place called "Grosser Spreewaldhafen" in Luebbenau, heads towards the little village Lehde, known for its secluded houses, and continues to the restaurant "Wotschofska". This will be our first stop in the morning forest. The tour takes you up the "Wehrkanal" into the deep forest with its majestic alder trees (25–30 meter high); passing the "Schützenhaus", an old mill called "Kanowmill" until we reach the "Pohlenz-Schänke" – a restaurant build at the border of the high forest. After the break, which gives you the opportunity to have lunch, the tour continues along the Leiper trench, passing the village Leipe and moving down the main waterway of the Spree towards Lehde. Here is another possibility for our guests to request a stop.

The tour back to Luebbenau will be in the early evening. As we complete the day you can say for sure, that you saw the Spreewald from every aspect.

Length incl. stops: **8 – 9 hours**  
May 15th – Sept. 15th  
every Thursday,  
Saturday and Sunday  
Reservations advisable

## Short Day tour to the village Leipe...

...enjoy the idyll of the Spreewald.

This tour takes course through the village of Lehde, also called the "Venice of the Spreewald", heading to the restaurant "Wotschofska" which is hidden in the woods and only reachable by boat or bicycle. After a short stop here, the tour leads into the pictorial Spreewald along the "Burg- Lübben- Canal" to the village called Leipe, where we will have a break for lunch. With new strength, we will continue down the main waterway of the Spree, heading back towards Luebbenau. If time is plenty, we can stop in the village Lehde. From there it will be approx. 30 minutes to get back to Luebbenau.

Length incl. 3 stops: **6 – 7 hours**  
May 15th – Sept. 15th  
Group Reservations  
advisable

## GUIDED BOAT TRIPS IN THE SPREEWALD

## The traditional Wotschofska tour...

...as our grandparents knew it.

Our destination is the hidden restaurant "Wotschofska". As the tour starts, we will pass the Spreewald village Lehde; moving along quiet streams that will take you alongside numerous woods and meadows until we reach our final destination for a break. We hope you enjoy your meal out here! On the way back, we will pass Lehde again – this time in its delightful "afternoon mood". If you wish to stop here (price not included in tour) you may talk to your guide. Visit the open-air museum or taste our famous regional pancakes, called "Plinse".

Length incl. stop: **4 hours**  
(with 2nd stop  
in Lehde 4,5 hours)

## Roundtrip Lehde...

...the classic tour.

After leaving the boat landing place "Grosser Spreewaldhafen", you will pass the sparsely populated village Lehde with its agricultural land. On this tour, you will get the chance to see Lehde via the mainstreet – which is the waterway! Once we arrive at the romantic village, there will be enough time for you to visit the open-air museum, go for a walk or have a snack.

Length incl. stop: **3 hours**

## The short Lehde tour...

...have a browse!

Soon after leaving the boat landing place "Grosser Spreewaldhafen" you will pass the sparsely populated village Lehde with its agricultural land. Arriving in the unique village, we plan a short stop (about 30 minutes) which you can use to visit the open-air museum, go to the restaurant "Fröhlicher Hecht" or the Café "Venedig". After that, we will be on our way home to Luebbenau.

Length incl. stop: **2 hours**

## Regular boat route...

...Germans only line operation using boats.

Starts daily May 15th until Sept 15th at 11am and 2:30pm from the main boat landing place, going to the village Lehde and the open-air museum. This is the fastest way to travel between the locations and not to confound with one of the classic boat tours.

## Have a break

During the trip we will have several stops where you can use your free time as may best please you. Whether you try our regional Spreewald cuisine, walk through the Village Lehde or visit the open-air museum showing farmyards from the 19th century, we hope you will enjoy your stay.

open-air museum

## A combined tour...

...Nature and Technology in Harmony.

On our way to the restaurant "Wotschofska", an island in the alder forest, we will pass three sluices which are still operated by hand – a unique experience. Besides the sluices, the waterline is regulated by many weirs. After a break in "Wotschofska", which seems to be isolated from the rest of the world, we will head back towards Luebbenau; passing the small village Lehde on our way. A stop can be arranged if you wish to visit one of the Cafés or the Museum.

Length incl. stops: **5 hours**
